Dickinson Theatres to take over the Lakewood 8 Theatre on June 27th, 2008.

Monday, June 16, 2008 – North Little Rock, AR – John W. Hartley, Jr., president and CEO of Dickinson Theatres, Inc., announced today that plans have been completed and a lease has been signed to take over the Lakewood 8 Theatre in North Little Rock and begin operations on June 27th, 2008.

“We are very excited about this acquisition, especially on the heels of our spectacular opening of the Chenal 9 ^{PLUS} IMAX Theatres,” commented John Hartley, president and CEO. “We have plans to install digital projectors with 3D capabilities to meet the demand for the latest technology for our movie-going customers. We will enlarge and remodel the lobby, remodel the restrooms, and also add stadium seating to some of the existing auditoriums. Additional theatres are being negotiated. We also plan to expand the box office and concession stand facilities to better serve our customers in North Little Rock. We would like to express our appreciation to Mr. Rick Ashley of Ashley Development Company who partnered with us on this project. The expansion and the related improvements will cost several million dollars. The renovation of the facility will begin in the late Fall of 2008. Plans are currently being drawn and will be submitted to the city shortly by Dickinson’s architectural firm,” Hartley continued.
