MEDIA RELEASE

DECEMBER 2, 2008

On Wednesday, November 26, 2008, Detectives with the Little Rock Police Department obtained a warrant for Capital Murder for, and subsequently on the same date arrested, Curtis Vance in connection with the murder of Anne Pressly. Curtis Vance is the only suspect in this incident and this Department's continuing investigation is expressly directed towards ensuring a successful prosecution and conviction of Mr. Vance in this matter. The Department anticipates no further arrests in this case; however, additional charges against Mr. Vance are possible as the investigation and prosecution develop.

The Department will not respond to popular rumor, innuendo, or hearsay whether appearing on the internet, transmitted personally or relayed by the media.

The arrest of Mr. Vance is the result of diligent and intuitive work by members of the Little Rock Police Department, the Marianna Police Department and the Arkansas State Crime Laboratory.

The Little Rock Police Department will not comment further on this investigation until such time as Mr. Vance is brought to trial.

I have discussed this statement with the Prosecuting Attorney and he concurs with its release.

Stuart Thomas
Chief of Police
