There is a duck processor in NLR that might can help. How many will be taken?

One issue that we are faced with right now is lack of funding and with deer season approaching we are rtying to protect our funds to pay for deer processing. It might be something we could possibly do if we could get the processor to do for nothing or do a cost share with the food banks.

Give me a call tomorrow and we can discuss.

Hi Ronnie~

Are there any HFTH processors who processes wild geese? Thank you!
