**Re:** Student Publications

---

The Springdale School District is currently reviewing existing protocols and policies for publishing student articles. Furthermore, the Springdale School District is establishing protocols for how these student publications will be published in the future (both in print and electronically). Until these protocols are finalized, it is my expectation and the expectation of the district, that no student publications will be printed, posted online, or distributed until they are reviewed by building/district administration. This includes the issue of the Har-Ber Herald scheduled for publication later this week.

Failure to follow this directive will result in disciplinary action, up to, and including a recommendation for termination of your employment contract.
